

Total Revenue Integrity Solutions

Maximizing Revenue Through Proven Talent

2 Clinical Documentation Improvement

MedPartners cultivates and attracts the best CDI talent nationwide with an emphasis on financial and quality care metrics. It provides talent on a long-term or short-term basis to hospitals focused on maximum revenue efficiencies.

4 Coding Services

Through years of focus in the HIM coding space, as well as utilizing MedPartners University to provide constant education, training and assessments, we are able to deploy impactful, proven professionals to accomplish your department's goal of high-quality, accurate coding.

6 Education & Training

Via our world class MedPartners University, and our investment into education, our internal consultants, as well as our clients, keep a competitive advantage by staying up to date on the industry's fast-paced changes. Our continuing education program facilitates this learning and provides CEUs from both ACCDIS and AHIMA.

1 Case Management & Quality Care

Our Case Management and Quality Improvement division meets the growing demand for specialized acute care case managers, utilization review specialists, and social workers in both on-site and remote settings.

3 Coding Compliance Audit Services

With in-house trained and educated audit professionals, our services utilize comprehensive software along with a team of veteran HIM professionals that focus on improving deficiencies, data abstraction errors and gaps in provider documentation.

5 Registry Services

MedPartners provides highly experienced registry professionals supporting Oncology Data Management, Bone Marrow Transplant and Trauma Registry service lines.
